PROCLAMATIONS.

[L.S.] GORDON MCG. SLOAN,
Administrator.

CANADA:

PROVINCE OF BRITISH COLUMBIA.

GEORGE THE SIXTH, by the Grace of God, of Great Britain, Ireland, and the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come—
GREETING.

H. ANSCOMB, *Minister of Municipal Affairs.* { WHEREAS by the "Village Municipalities Act," being chapter 203 of the "Revised Statutes of British Columbia, 1936," it is provided that the Lieutenant-Governor in Council may, by Letters Patent under the Great Seal and under the conditions therein set out, incorporate as a village municipality any area in the Province which is not included within the limits of any municipality:

And whereas a petition has been addressed to the Lieutenant-Governor in Council by persons resident within the area described as follows:—All that portion of the Kamloops Division of Yale Land District which lies within the following boundaries: Commencing at the point of intersection of high-water mark of the left bank of the Fraser River with the south boundary of Township 15, Range 27, west of the sixth meridian; thence westerly in a straight line and in a direction perpendicular to the general direction of the shore-line at this point to low-water mark of said river bank; thence northerly along said low-water mark and that of the Thompson River to the point of intersection thereof with the straight line drawn north-westerly from the most southerly point of that portion of high-water mark of said river bank which forms a part of the westerly boundary of Indian Reserve No. 18, "Klickkumcheen," and in a direction perpen-

dicular to the general direction of the shore-line at this point; thence south-easterly along said line to said point; thence southerly along said westerly boundary of said Indian Reserve as shown on Plan No. 89-B.C. on file in the Department of Indian Affairs at Ottawa, Ontario, to the most westerly south-west corner of said Indian reserve; thence easterly, southerly, easterly, northerly, easterly, northerly, and easterly along the boundaries of said Indian reserve to the point of intersection thereof with the westerly limit of the Canadian Pacific Railway Company's right-of-way as shown on Plan No. 287 on deposit in the Land Registry Office at Kamloops, B.C.; thence easterly in a straight line across said right-of-way to the point of intersection of the easterly limit thereof with the south boundary of that portion of said Indian reserve which lies to the east of said right-of-way; thence south-westerly along said easterly limit to the point of intersection thereof with the east boundary of Township 15 aforesaid; thence southerly along said boundary to the point of intersection thereof with the most northerly north-easterly boundary of Indian Reserve No. 17, "Klahkamich"; thence north-westerly and south-westerly along the boundaries of said Indian reserve to the south boundary of said Township 15; thence westerly along said boundary to the point of commencement, and containing an area of one hundred acres, more or less—praying that the inhabitants of such area may be incorporated as a village municipality:

And whereas the said area is not now included within the limits of any municipality:

And whereas the petition was sufficiently signed and verified to satisfy the Lieutenant-Governor in Council that a majority of the adult residents within the area desire the incorporation of the village municipality:

And whereas the Honourable GORDON MCGREGOR SLOAN, Administrator of the Government of British Columbia, by and with the advice of the Executive Council, under and by virtue of the powers and authorities conferred on him in that behalf enabling, hath ordered that the inhabitants of the area hereinbefore described shall be incorporated as a village municipality under the said Act, and hath further made provision to the tenor and effect hereinafter appearing:

Now KNOW YE that by these presents We do order and proclaim that the inhabitants of the area hereinbefore described shall, on, from, and after the date hereof, be incorporated as a village municipality under and subject to the provisions of the "Village Municipalities Act" and under and subject to the provisions hereinafter contained or referred to.

1. The said municipality shall be called and known by the name and style of "The Corporation of the Village of Lytton."

2. The said municipality shall comprise all that area of land hereinbefore described.

3. The provisions contained in the Schedule to the "Village Municipalities Act" shall, except as varied by the terms of these Letters Patent, apply to the said municipality.

4. All taxes levied for the year 1944 and for any of the years prior thereto under the "Taxation Act" and the "Public Schools Act" in respect of the area comprised in the municipality shall be collected in the manner provided in those Acts respectively.

5. For the year 1945 the revenue of the village municipality of Lytton shall include the taxes levied under the "Taxation Act" for the said year 1945 upon the real property within the said village municipality of Lytton.

All taxes collected under the "Taxation Act" for the year 1945 upon the real property within the said village municipality of Lytton shall be paid from the Consolidated Revenue Fund to The Corporation of the Village of Lytton and applied for the purposes of the said village. The first payment shall be made

not later than the first day of December, 1945, and the balance of the 1945 taxes collected up to the end of 1945 not later than the fifteenth day of February, 1946.

Immediately thereafter the Provincial Collector shall transfer to the Collector of the village municipality of Lytton all taxes levied under the "Taxation Act" for the year 1945 which remain unpaid as at the thirty-first day of December, 1945.

The Collector of the village municipality shall then enter the said taxes on the first municipal tax roll compiled by the village municipality, whereupon the said taxes shall then constitute taxes levied under the "Village Municipalities Act" and all the provisions of the said "Village Municipalities Act" relating to the collection of taxes shall apply.

Upon the transfer of the said unpaid taxes to the Collector of the village municipality the Provincial Collector shall cancel on the Provincial tax roll of his assessment district the said unpaid taxes levied for the year 1945.

6. John P. Ellis, Alexander Strang, and Morton Alexander Dyce are hereby appointed a Board of Commissioners of the municipality, and they shall hold office until their successors have been elected at the first annual election in the month of December, 1945, in the manner provided in the Schedule to the "Village Municipalities Act," and the election of Commissioners thereafter shall be as provided in the said Schedule.

7. The Commissioners hereby appointed shall make due preparation for holding the first annual election to be held in the month of December, 1945, as provided in the Schedule to the said Act.

8. The assessment roll for the year 1946 shall be prepared in accordance with the provisions of section 38 of the Schedule to the "Village Municipalities Act," to be returned, as required by section 40 of the Schedule, not later than the thirty-first day of December, 1945.

9. The Commissioners shall have power at any time prior to the first day of December, 1945, to incur liabilities by borrowing money, or otherwise, not exceeding in the whole seven hundred and fifty (\$750) dollars, for the purpose of carrying on the business of the municipality until the revenues for the year 1945 are available for that purpose, and any liabilities so incurred shall be repaid out of the revenues for the year 1945.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Our said Province to be hereunto affixed.

WITNESS, the Honourable GORDON MCGREGOR SLOAN, Administrator of the Government of Our said Province of British Columbia, in Our City of Victoria, in Our said Province, this third day of May, in the year of our Lord one thousand nine hundred and forty-five, and in the ninth year of Our Reign.

By Command.

4888-my17 GEO. S. PEARSON,
Provincial Secretary.

ATTORNEY-GENERAL.

DEPARTMENT OF LABOUR.

" FACTORIES ACT."

May 11th, 1945.

PURSUANT to the provisions of section 39 of the "Factories Act," being chapter 92 of the "Revised Statutes of British Columbia, 1936," and amending Acts, His Honour the Administrator in Council has been pleased to make regulations as follows:—

REGULATIONS MADE PURSUANT TO SECTION 39 OF THE " FACTORIES ACT," GOVERNING THE INSTALLATION, OPERATION, AND MAINTENANCE OF MAN-LIFTS.

1. Automatic stops on the up-going side of the belt must be provided above the upper landing and so arranged that when thrown, the man-lift can not again be started except from above the upper landing. The man-lift shall be so arranged that the belt will travel not more than two (2) feet in either direction after the automatic stop is thrown.

2. A manually operated stopping device shall be so installed that it is readily accessible throughout the entire travel of the man-lift and so arranged that to stop the man-lift the stopping device must be pulled in the direction of belt travel.

3. A factor of safety of not less than six (6) for all materials shall be used in the construction of man-lifts. The man-lift must be designed to carry a load of one hundred and fifty (150) pounds per step.

4. Shear plates of an angle of not less than sixty (60) degrees with the horizontal, and funnel shaped, shall be provided at every point of up-travel, at which there is a projection within three (3) feet in any direction, in or in front of plate or belt.

5. Standard railings and toe-boards shall be provided around all floor-openings. They shall be so placed as to allow a landing space of not less than two (2) feet. Openings in railings must not be opposite floor-openings.

6. The floor inside the rails shall be of a non-slip type. This also applies to all floor renewals.

7. Signs of conspicuous and easily read style, carrying instructions for use of man-lifts, shall be displayed at each landing.

8. Warning signs of a conspicuous and easily read style shall be displayed at points just before reaching top and bottom landings.

9. Hand-holds are to be provided at convenient height above every step.

10. There shall be neither step nor hand-hold available without a corresponding hand-hold or step.

11. The minimum diameter of the floor-opening shall be thirty (30) inches.

12. The minimum distance between the edge of the step and the opening in the floor measured at right angles to the plane of the belt shall be fourteen (14) inches.

13. The minimum clearance between the head pulley and roof or other obstruction shall be four (4) feet.

14. When the highest point of the belt travel is more than five (5) feet above the landing, an emergency platform provided with a permanent ladder or stairs to the top landing shall be installed on one side of the up-travel of the belt, three (3) feet below the highest point of belt travel.

15. The maximum speed of man-lifts shall not exceed eighty (80) feet per minute.

16. No passenger shall be allowed to use the man-lift while freight is in transit.

17. No tools other than hand-tools or similar small tools shall be carried by passengers.

LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM STANDING ORDERS RELATING TO
PRIVATE BILLS.

100. (1.) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2.) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3.) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4.) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1.) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a.) A printed copy of such Bill;
- (b.) A copy of the petition to be presented to the House;
- (c.) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2.) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3.) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated September 25th, 1944.

R. S. STUART YATES,
Clerk, Legislative Assembly.

PROVINCIAL BOARD OF
HEALTH.

" HEALTH ACT."

May 11th, 1945.

PURSUANT to the provisions of section 7 of the "Health Act," being chapter 114 of the "Revised Statutes of British Columbia, 1936," and amending Acts, His Honour the Administrator in Council, acting as the Provincial Board of Health, has been pleased to make regulations for the prevention, treatment, mitigation, and suppression of disease, known as "Regulations for the Control of Communicable Diseases," as follows:—

REGULATIONS FOR THE CONTROL OF
COMMUNICABLE DISEASES.

FOREWORD.

The continual addition to the knowledge in regard to the control of communicable diseases that has taken place in recent years necessitates the issuance of an entirely new set of communicable disease regulations for the Province of British Columbia. These regulations are made under the authority of the "Health Act," section 7, which follows:—

"The Provincial Board may make and issue such general rules, orders, and regulations as the Provincial Board deems necessary for the prevention, treatment, mitigation, and suppression of disease, and may from time to time alter or repeal any such rules, orders, and regulations, and substitute new rules, orders, and regulations . . ."

These new communicable disease regulations are effective as from May 1st, 1945, and shall be enforced by every Local Board of Health throughout the Province of British Columbia as required by section 53 of the "Health Act" which follows:—

"It shall be the duty of the Local Boards to superintend and see to the execution of any regulations made by the Provincial Board, or to execute or aid in executing the same within their respective jurisdictions, and to do and provide all such acts, matters, and things as are necessary for superintending or aiding in the execution of such regulations, or for executing the same, as the case may require."

For clarity, and ease of reference, these regulations have been broken down into six major subdivisions. In Part I., which deals with definitions, an effort has been made to specifically state the meaning of certain terms so that there may be no misunderstanding when these terms are subsequently used.

Part II. lists the diseases that become reportable from the date on which these regulations go into effect.

Part III. gives the details of reporting. This Part not only covers the notification of reportable diseases by physicians to the Medical Health Officer, and by the latter to the Provincial Health Officer, but also the notification of the occurrence of tuberculosis and venereal disease to the Divisions of Tuberculosis Control and Venereal Disease Control respectively. In addition, provision is made for notification to the Provincial Health Officer in the case of any unusual outbreak of a communicable disease.

Part IV. deals with general control methods. Herein are outlined the various types of isolation, the use of quarantine and warning placards, duties of responsible persons, laboratory examinations, special regulations in certain cases, and such other measures as are in general applicable to all diseases.

Part V. deals with specific control methods. Each disease is dealt with separately and at the present time only the more common communicable diseases have been included.

Part VI. lists the approved methods for concurrent and terminal disinfection.

All previous communicable disease regulations issued by the Provincial Board of Health are no longer in effect, with the exception of regulations for the prevention of the spread of smallpox to and in British Columbia, approved by order of the Hon. the Administrator in Council, dated March 19th, 1925. (Order in Council No. 296.)

PART I.

DEFINITIONS.

Throughout these regulations the following definitions shall apply:—

Bread-winner.—A “bread-winner” means a person who supports himself and those dependent upon him, by his earnings.

Carrier.—A “carrier” means a person who may be apparently healthy but who harbours the specific etiological agent of a communicable disease and who may disseminate it through his discharges or by other means.

Cleaning.—“Cleaning” means the removal, by scrubbing and washing as with hot water, soap, and washing-soda, of organic matter on which and in which pathogenic micro-organisms may find favourable conditions for prolonging their life and virulence.

Communicable Disease.—“Communicable disease” means a disease which is directly or indirectly transmissible from an infected person or animal to some other person or animal. This therefore includes all diseases referred to in the “Health Act” as infectious or contagious.

Contact.—A “contact” means any person or animal known to have been sufficiently near an infected person or animal to have been presumably exposed to transfer of infected material, directly or indirectly, or by articles freshly soiled with such infected material.

(a.) *Intimate Contact.*—“Intimate contact” means a contact who has been intimately associated with an infected person or animal in the immediate household or who has been subject to such close and prolonged exposure to an infected person or animal to be reasonably suspected of having acquired the infection:

(b.) *Casual Contact.*—“Casual contact” means a contact other than an intimate contact who has been in contact with a person or animal infected with a communicable disease.

Contagion; Contagious Disease.—The terms “contagion” and “contagious disease” mean, for the purpose of these regulations, a “communicable disease.”

Culture.—“Culture” means a growth of micro-organisms in or upon an artificial medium.

Delousing.—“Delousing” means the process by which a person and his personal apparel are treated so that neither adult lice and similar parasites, nor their eggs, survive.

Disinfection.—“Disinfection” means the destruction of pathogenic micro-organisms by chemical or physical means. (See Part VI. for approved methods.)

(a.) “Concurrent disinfection” means the application of disinfection immediately after the discharge of infectious material from the body of an infected person, or immediately after the soiling of articles with such infectious discharges.

(b.) “Terminal disinfection” means the process of rendering the clothing and immediate physical environment of the infected person free from the possibility of conveying the infection to others, at the death or removal of the patient, or at the time when the person is no longer a source of infection.

Disinfestation.—“Disinfestation” means any process, such as the use of dry or moist heat, gaseous agents, poisoned food, trapping, etc., by which insects and animals known to be capable of conveying or transmitting infection may be destroyed.

Epidemic.—“Epidemic” means the occurrence of a communicable disease in excess of the usual prevalence.

Etiological Agent.—“Etiological agent” means a living parasitic organism capable under favourable conditions of inciting disease in a person or animal.

Fumigation.—“Fumigation” means a process by which the destruction of insects and animals is accomplished by the employment of gaseous agents.

Immune.—“Immune” means that a person or animal under ordinary circumstances of exposure is not susceptible to infection with the etiological agent of a given communicable disease.

Incubation Period.—“Incubation period” means the interval of time elapsing between the entrance of the specific etiological agent into the body and the first manifestations of the signs and symptoms of the disease.

Infected Person.—“Infected person” means a carrier of, or a person ill with, a communicable disease.

Infection; Infectious Disease.—The terms “infection” and “infectious disease” mean, for the purpose of these regulations, a “communicable disease.”

Isolation.—“Isolation” means the segregation of any infected person in such a place and under such conditions as will prevent the direct or indirect transference of the etiological agent to susceptible persons.

Non-immune.—(See “Susceptible person.”)

Patient.—“Patient” means a person who is infected with a communicable disease, and the term applies during the time the person is subject to communicable disease control measures.

Physician.—“Physician” means a legally qualified medical practitioner.

Premises.—“Premises” means the area in which the patient, suspect, contact, or carrier is confined or isolated in order to prevent the transference of the infection to others.

Qualified Medical Practitioner.—“Qualified medical practitioner” means any person registered under the “Medical Act” to practise medicine and surgery in the Province of British Columbia.

Quarantine.—“Quarantine” means the limitation of freedom of movement of persons or animals who are known or reasonably suspected by the Medical Health Officer to have been exposed to a communicable disease.

Release.—“Release” means the restoration of personal liberty following a period of isolation or quarantine for a communicable disease.

Renovation.—“Renovation” means such procedures, in addition to cleaning of walls and floors of rooms or houses, as may be necessary to place the premises in satisfactory sanitary condition.

Sick-room.—“Sick-room” means the room or designated isolation area where the patient is confined throughout all or part of the illness for which isolation has been imposed.

Susceptible Person.—“Susceptible person” means a person who under ordinary conditions of exposure to a communicable disease reasonably may be expected to acquire that disease.

PART II.

REPORTABLE DISEASES.

* Reportable under Order in Council No. 784, approved June 19th, 1931.

PART III.

REPORTING.

Every physician, superintendent, and other responsible head of any hospital, institution, or place of detention, and every householder, teacher, or any other person knowing or suspecting the existence of a communicable disease, other than venereal disease, shall report this fact to the Medical Health Officer within twenty-four hours. This report shall be made in writing or by other suitable means of notification and shall include the name of the disease existing or suspected, together with such other information as the Medical Health Officer may require.

In addition to reporting tuberculosis to the Medical Health Officer, physicians shall also report tuberculosis directly to the Division of Tuberculosis Control of the Provincial Board of Health on a special form provided for this purpose.

In areas served by full-time Health Units and any areas adjacent thereto approved by the Provincial Health Officer, other than the Greater Vancouver and Greater Victoria areas, venereal disease shall be reported by physi-

cians on the special form provided for this purpose to the Director of the Health Unit who, in turn, shall report to the Division of Venereal Disease Control of the Provincial Board of Health. In all other areas of the Province, venereal disease shall be reported by physicians directly to the Division of Venereal Disease Control on the special form provided for this purpose.

Undertakers, when called upon to embalm, cremate, or bury the body of a person whose death certificate states that the primary or contributory cause of death was a communicable disease, shall report such facts within twelve hours to the Medical Health Officer.

Every Medical Health Officer shall keep a register of all reportable diseases reported to him on a form provided by the Provincial Board of Health or on a form approved by the Provincial Health Officer.

The Medical Health Officers and the Provincial Health Officer may, at their discretion, use and make public information contained in reports made to them concerning the prevalence of communicable disease in the area under their jurisdiction, unless otherwise prohibited from so doing.

Every Medical Health Officer shall forward weekly to the Provincial Health Officer a report listing the reportable diseases that have occurred in the area under his jurisdiction during the past week, together with such other information as may be required by the Provincial Health Officer. These reports shall be on a form provided by the Provincial Board of Health and shall be mailed by the Medical Health Officer on Saturday of each week. Even although no reportable disease has occurred locally, the form shall be mailed weekly to the Provincial Health Officer. In remote areas of the Province where there is no regular mail service, special arrangements for reporting shall be made by the Provincial Health Officer.

When anthrax, cholera, diphtheria, encephalitis (infectious), leprosy, meningitis (meningococcal), plague, poliomyelitis (acute), Rocky Mountain spotted fever, smallpox, trichinosis, tularamia, typhoid or paratyphoid fever, or any unusual outbreak or suspected occurrence of communicable disease takes place in any area of the Province, the Medical Health Officer shall notify the Provincial Health Officer immediately by telephone or telegraph. When any of the above diseases continue to spread the Medical Health Officer shall, in addition to his weekly report, continue to notify the Provincial Health Officer of essential data at such intervals as are necessary to keep the latter currently informed of the situation.

Upon the receipt of a report of any communicable disease or diseases from any area of the Province, the Provincial Health Officer may send one or more members of the technical staff of the Provincial Board of Health to investigate the outbreak and to give assistance to the Medical Health Officer in the control of same.

PART IV.

GENERAL CONTROL METHODS.

Persons suffering from, or who are contacts of, or who are carriers of, a communicable disease shall be subject to control as specifically stated in Part V., and by one or more procedures as follows:—

SECTION 1.—ISOLATION OF INFECTED PERSON.

Where isolation of the infected person is required, isolation shall be carried out by institution of one of the measures which follow. During convalescence, isolation by Method 1 or 2 may be changed to a modified isolation (Method 3A or Method 3B), at the discretion of the Medical Health Officer.

Method 1.—Isolation by the continuous separation of the infected person in a room used for no other purpose, from all persons except the physician and nurses or other person in attendance and such others as may be authorized by the Medical Health Officer.

Method 2.—Isolation in a hospital approved by the Medical Health Officer for the care of such infected person, when the treatment of the infected person requires such facilities as are available only in such a hospital.

Method 3.—Modified Isolation.—Where modified isolation is specified or permitted, it shall be carried out as follows:—

Method 3A.—Permits household privileges for the infected person but restricts his activities to the place of residence or the grounds containing the residence.

Method 3B.—Permits the infected person comparative freedom of movement under conditions acceptable to the Medical Health Officer and the Provincial Health Officer.

SECTION 2.—CONCURRENT DISINFECTION.

Concurrent disinfection shall be carried out where specified in Part V. and by the methods stated in Part VI.

SECTION 3.—TERMINAL DISINFECTION.

Terminal disinfection shall be carried out where specified in Part V. and by the methods stated in Part VI.

SECTION 4.—QUARANTINE OF SUSCEPTIBLE CONTACTS.

Quarantine of susceptible contacts of communicable disease consists of limitation of the liberty of the person affected to the premises as designated by the Medical Health Officer. The duration of such quarantine shall be for the period of time stated in Part V. of these regulations as for the specific disease concerned.

Except as otherwise stated in Part V. of these regulations, a bread-winner who is an intimate contact shall be granted liberty to pursue his occupation if he lives apart from other quarantined intimate contacts or if the patient in the home is isolated to the satisfaction of the Medical Health Officer.

SECTION 5.—TRANSFER OF PATIENT TO HOSPITAL.

Where the Medical Health Officer reports to the Provincial Health Officer that any person suffering from any one of the communicable diseases has refused to abide by the instructions of the Medical Health Officer given under the "Health Act" or regulations passed thereunder, and that such person is conducting himself in a manner detrimental to the public health, and whose condition requires hospital care, the Provincial Health Officer shall cause such report to be investigated and, if satisfied with the facts, may issue a written order authorizing the Medical Health Officer and any police officer to take the said person and to convey him to a hospital having facilities and accommodation for the care of patients suffering from communicable disease. Such person shall be retained or confined in hospital for such length of time as the Provincial Health Officer may consider necessary for the treatment of such person.

SECTION 6.—INSTRUCTIONS FOR CARE OF PERSONS SUFFERING FROM COMMUNICABLE DISEASES.

It shall be the duty of the Medical Health Officer to make available written instructions provided by the Provincial Board of Health or approved by the Provincial Health Officer for the control of specific communicable diseases. These instructions shall be for the information and direction of those responsible for the care

of persons ill with diphtheria, poliomyelitis, scarlet fever, smallpox, typhoid fever or any other diseases specified at the discretion of the Provincial Health Officer.

SECTION 7.—PLACARDING OF PREMISES.

Placarding of premises shall be carried out as required in Part V. of these regulations, using a placard provided by the Provincial Board of Health or approved by the Provincial Health Officer. The quarantine placard shall read as follows:—

Persons in these premises are under
QUARANTINE.

In compliance with regulations of the Province of British Columbia for the control of communicable disease.

Any one removing this quarantine notice without authority is liable to a fine not exceeding one hundred dollars (\$100).

Medical Health Officer.

The placard shall be signed by the Medical Health Officer and posted at or near the entrances to the premises concerned.

SECTION 8.—PROHIBITION OF ENTRANCE OR EXIT.

When a quarantine placard is posted on any premises no person shall enter or leave such premises except with the consent of the Medical Health Officer.

SECTION 9.—WARNING NOTICE.

A warning notice may be used in instances specified in Part V., and also may be used at the discretion of the Medical Health Officer in instances where co-operation by the individuals concerned appears to be lacking. Where required or permitted the warning notice provided by the Provincial Board of Health or approved by the Provincial Health Officer shall read as follows:—

WARNING.

All persons are hereby warned of the presence of a communicable disease within.

Medical Health Officer.

Any one removing this warning notice without authority is liable to a fine not exceeding one hundred dollars (\$100).

The notice shall be signed by the Medical Health Officer and posted at or near the entrances to the premises concerned.

SECTION 10.—INTERFERENCE WITH PLACARDS OR NOTICES PROHIBITED.

No person shall interfere with or obstruct any health official in the posting of any placard or notice in accordance with these regulations, in or on any place or premises, nor shall any person conceal, mutilate, or remove any such placard or notice except by direction of the Medical Health Officer. In the event of any placard or notice being concealed, mutilated, or removed, it shall be the duty of the occupant, owner, or person in charge of the premises whereon such placard or notice was posted immediately to notify the Medical Health Officer of such fact.

SECTION 11.—DUTIES OF RESPONSIBLE PERSONS.

(a.) *Attending Physician.*—It shall be the duty of the attending physician, immediately upon discovering or diagnosing a communicable disease, to order such isolation of the patient and such disinfection of discharges as may be required by these regulations, and such other measures as are within his power to prevent the spread of the disease and to report all pertinent facts immediately to the Medical Health Officer concerned.

(b.) *Others.*—It shall be the duty of the person as ordered above to comply with such instructions from the attending physician until otherwise instructed by the Medical Health Officer and it shall be the duty of all persons to carry out the instructions of the Medical Health Officer.

Except in an emergency or unless authorized by the Medical Health Officer, no person other than a legally qualified medical practitioner shall treat a person having a communicable disease.

(c.) *Medical Health Officer.*—The Medical Health Officer shall be responsible for the investigation, follow-up, and control of all infected persons, and the contacts of communicable disease in the area under his supervision, regardless of the final disposal of an infected person or the utilization of Provincial or other diagnostic or treatment facilities.

When the Medical Health Officer is informed or has reason to believe that a communicable disease exists within the area over which he has jurisdiction, he shall, either in person or through his authorized representative, immediately examine the facts and shall institute all necessary procedures required by these regulations.

In the occurrence of outbreaks of the less common communicable diseases the Medical Health Officer, in consultation with the Provincial Health Officer, shall use such general measures as are considered necessary, including any regulation outlined in Part IV.

SECTION 12.—DELEGATION OF DUTIES BY MEDICAL HEALTH OFFICER.

Where considered necessary or advisable the Medical Health Officer may delegate duties to properly trained assistants, deputies, qualified medical practitioners, public health nurses, or other representatives for the carrying-out of the provisions of these regulations.

SECTION 13.—ESTABLISHMENT OF DIAGNOSIS.

The Medical Health Officer may accept, or at his discretion may verify or change, a diagnosis of communicable disease made by any medical practitioner. If, upon investigation of the person suspected of having a communicable disease, the characteristic symptoms are not sufficiently developed to establish a diagnosis, the person shall be considered to be suffering from a communicable disease and the Medical Health Officer shall keep the suspected person under his personal observation until the true nature of the disease is established. Reports of the occurrence of communicable disease made by persons other than a qualified medical practitioner shall be verified by the Medical Health Officer before control measures are instituted.

SECTION 14.—CHANGE OF DIAGNOSIS.

A suspected person shall be reported with a provisional diagnosis which may be changed by the physician in attendance notifying the Medical Health Officer. A provisional diagnosis shall automatically be considered as final seven days after receipt of the report, unless changed by the Medical Health Officer.

SECTION 15.—LABORATORY EXAMINATION.

The Medical Health Officer shall have power to examine physically and by question any person infected, or suspected of being infected, with any communicable disease. He may require, moreover, such a person to submit to the taking of specimens of his blood and any other body fluids, and to submit specimens of his sputum and other excreta for the purpose of examination, or to submit to X-ray examination, and for the purpose of such examination may require him to enter any public hospital.

All such specimens or X-ray films taken for the purpose of the diagnosis or control of communicable diseases shall be submitted to the appropriate Division or Divisions of the Provincial Board of Health, or to agencies or persons approved by the Provincial Health Officer for examination and report.

Where diarrhoea (infectious), diphtheria, dysentery, gonorrhoea, syphilis, tuberculosis, typhoid fever, paratyphoid fever, and other diseases for which laboratory examination is of value in diagnosis are suspected, the attending physician or Medical Health Officer shall submit suitable and sufficient specimens to the Division of Laboratories of the Provincial Board of Health to aid in such diagnosis and control. The Division of Laboratories shall, on request of the Medical Health Officer, send to him copies of all positive, suspicious, or negative findings respecting patients, carriers, and suspects in his area.

SECTION 16.—SPECIAL REGULATIONS.

(a.) *Handling of Food forbidden under certain Conditions.*—No person who is a recognized carrier of any communicable disease shall serve or handle, in any manner whatsoever, any food intended for sale or distribution to persons other than members of his immediate household.

No person who resides in a household in which there is a person suffering from cholera, diarrhoea (infectious), diphtheria, dysentery (amœbic or bacillary), poliomyelitis (acute), scarlet fever, septic sore throat (epidemic), typhoid or paratyphoid fever shall serve or handle, in any manner whatsoever, any food intended for sale or distribution to persons other than members of his immediate household, unless the patient in the home is isolated to the satisfaction of the Medical Health Officer.

(b.) *Destruction of Foods under certain Conditions.*—When a person suffering from diarrhoea (infectious), diphtheria, dysentery (amœbic or bacillary), poliomyelitis (acute), septic sore throat (epidemic), scarlet fever, typhoid or paratyphoid fever resides on any farm or dairy producing, processing, or handling milk, cream, butter, cheese, or other dairy products, the Medical Health Officer shall order the pasteurization or the destruction of any such foods, which, in his opinion, may have been infected.

(c.) *Sale of Food forbidden under certain Conditions.*—No person shall sell, deliver, or remove from any farm or dairy any milk, cream, or dairy products while any person residing or employed at or on such farm or dairy is suffering from diphtheria, dysentery (amœbic or bacillary), poliomyelitis (acute), scarlet fever, septic sore throat (epidemic), typhoid or paratyphoid fever, except with the approval of the Medical Health Officer on the basis that suitable control measures have been instituted, including the following:—

- (i.) That such milk or milk products are not brought into the house where such infected person exists:
- (ii.) That all persons coming in contact with such milk or milk products sleep, eat, and work wholly outside such house, and that such persons do not come in contact in any way with the affected premises or persons quarantined therein:
- (iii.) That these regulations for the control of communicable disease are complied with:
- (iv.) That the facilities for the handling of milk at the dairy and creamery, including utensils and water-supply, be independent of such house; and
- (v.) That such milk or milk products have been pasteurized under conditions approved by the Medical Health Officer.

SECTION 17.—RETURN OF MILK-BOTTLES PROHIBITED.

No milk distributor or any other person shall collect or take bottles from premises placarded by a quarantine placard. In delivering milk to such premises the milk distributor shall pour the milk from the bottle into a sterilized and covered container provided by the householder and the empty milk-bottle retained by the distributor.

PART V.

SPECIFIC CONTROL METHODS.

SECTION 1.—CHICKEN-POX.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be ten days from the first appearance of vesicles (rash).

Concurrent disinfection: None.

Terminal disinfection: None.

Quarantine: Only for susceptible school or pre-school household contacts to first patients in community.

Quarantine period shall be from the fourteenth day following first exposure to the twenty-first day following last exposure.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 2.—DIPHTHERIA.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be at least fourteen days from onset of the disease and until three successive negative cultures from the nose and throat taken not less than twenty-four hours apart have failed to demonstrate the presence of diphtheria bacilli; provided that no treatment of the nose or throat has been carried out during the twenty-four hours previous to the taking of the cultures. In isolated areas beyond the reach of laboratory services where release by culture is impractical, patients may be released three weeks after the onset of the disease if clinically recovered, and at the discretion of the Medical Health Officer. Isolation may be terminated if diphtheria-like bacilli, although persistently present, are reported to be avirulent.

Concurrent disinfection: Yes; for approved methods see Part VI., Section 1, Subsections (a) and (c).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: Yes.

Quarantine period—

(a.) For household contacts—during the period of isolation of the patient. Bread-winners shall be quarantined for at least five days from date of last exposure and until they are shown not to be carriers by two negative nose and throat cultures taken not less than twenty-four hours apart. They may then be granted their liberty to pursue their occupation if they live apart from the quarantined family, or if the patient is isolated to the satisfaction of the Medical Health Officer.

(b.) For susceptible contacts outside premises, including adults—for a period of five days from date of last exposure and until shown not to be carriers by two negative nose and throat cultures taken not less than twenty-four hours apart.

(c.) For food-handlers—for at least five days from date of last exposure and until shown not to be carriers by two negative nose and throat cultures taken not less than twenty-four hours apart.

(d.) For carriers—until they have been demonstrated to be free of diphtheria bacilli by three negative nose and throat cultures taken not less than twenty-four hours apart; provided that no treatment of the nose and throat has been carried out during the twenty-four hours previous to the taking of the cultures. If this period is longer than six weeks, then a report should be made to the Provincial Health Officer for further instructions.

Quarantine placard: Yes; during period of isolation of the patient.

SECTION 3.—ENCEPHALITIS (Infectious).

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2. Isolation shall be in a properly screened mosquito-proof room.

Isolation period shall be until one week after the onset of the disease.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: None.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 4.—MEASLES.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be from the onset of the catarrhal symptoms (usually about four days before the appearance of the rash) until five days after the appearance of the rash.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: None.

Quarantine: Only for susceptible school or pre-school household contacts to first patients in community.

Quarantine period: From ninth day after date of first exposure to fourteenth day after last exposure.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 5.—MENINGITIS (Meningococcal).

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be until fourteen days after the onset of the disease.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: None.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 6.—MUMPS.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be ten days from the onset of the disease or until all swelling has disappeared from the affected glands.

Concurrent disinfection: None.

Terminal disinfection: None.

Quarantine: Only for susceptible school or pre-school household contacts to first patients in community.

Quarantine period: From the twelfth day following first exposure to the twenty-first day following last exposure.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 7.—PARATYPHOID FEVER A AND B.

The same regulations shall apply as for typhoid fever. (See Part V., Section 13.)

SECTION 8.—POLIOMYELITIS (Acute).

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2. Isolation shall be in a properly screened mosquito-proof room.

Isolation period shall be until twenty-one days after the onset of the disease.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a), (b), and (d).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: Yes.

Quarantine period: School-age intimate and household contacts and adults of the household whose vocation brings them into contact with children, or with food to be eaten uncooked, shall be quarantined for fourteen days from date of last exposure.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 9.—RUBELLA (German Measles).

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be five days from the onset of the rash.

Concurrent disinfection: None.

Terminal disinfection: None.

Quarantine: Only for susceptible school or pre-school household contacts to first patients in community.

Quarantine period: From the fourteenth day following first exposure to the twenty-first day following last exposure.

Quarantine placard: No.

Warning notice: At discretion of Medical Health Officer. (See Part IV., Section 9.)

SECTION 10.—SCARLET FEVER.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be three weeks from the onset of the disease and until all abnormal discharges have ceased.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: Yes.

Quarantine period—

(a.) For intimate household contacts—for at least seven days after last exposure and during period of isolation of patient on the premises. Bread-winners, however, shall be granted their liberty to pursue their occupations if they live apart from the quarantined family, or if the patient is isolated to the satisfaction of the Medical Health Officer.

(b.) For other susceptible contacts—for a period of seven days from the date of last exposure.

(c.) For food-handlers—for a period of seven days from the date of last exposure; provided they live apart from the quarantined premises.

Quarantine placard: Yes; during the period of isolation of the patient on the premises.

SECTION 11.—SMALLPOX.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be at least twenty-one days from the onset of the disease and until the disappearance of all scabs and crusts.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (e).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: Yes; for all susceptible contacts, including those contacts who have not been successfully revaccinated within the last five years. This applies to any group of children or persons who may have been exposed to smallpox.

Quarantine period shall be sixteen days from the last day of exposure for all those who have not been successfully vaccinated or who cannot show satisfactory evidence of having had the disease. Those who are vaccinated within three days from date of first exposure may be released from quarantine when the height of reaction is passed and there is no clinical evidence of smallpox.

Quarantine placard: Yes; during the period of isolation of the patient on the premises.

SECTION 12.—TUBERCULOSIS (Pulmonary).

Isolation: Yes; as specified in Part IV., Section 1, Method 2 or 3B.

Where any person suffering from pulmonary tuberculosis in a communicable state is conducting himself in a manner detrimental to the public health and is refusing hospital treatment, a report giving complete details shall be forwarded by the Medical Health Officer to the Provincial Health Officer. The Provincial Health Officer shall cause such report to be investigated, and if satisfied with the facts may issue a written order authorizing the Medical Health Officer and any police officer to take the said person and to convey him to a Provincial tuberculosis institution operated by the Provincial Board of Health, to a general hospital, or to any other hospital having facilities and accommodation for the care of tuberculous patients. The superintendent of the Provincial tuberculosis institution, or any hospital designated in the order, shall accept, retain, and care for the patient until such time as the Provincial Health Officer is satisfied that satisfactory arrangements can be made for the care of the patient in his home or other suitable place, or until the patient becomes non-communicable and is not dangerous to the public health.

Isolation period: No person afflicted with pulmonary tuberculosis in a communicable state shall be released from isolation until that person, in the opinion of the Medical Health Officer, no longer presents a hazard to the public health.

No person in a Provincial tuberculosis institution, or any other hospital, and afflicted with pulmonary tuberculosis in a communicable state, shall leave such institution without the written permission of the medical supervisor or medical superintendent; however, if such an individual leaves a Provincial tuberculosis institution or any other hospital without such written permission, he shall be isolated upon his premises, or in any other suitable place by the Medical Health Officer.

If for treatment, or any other reason, it is desired to transfer a patient from one of the Provincial tuberculosis institutions to another, this can be done only on the written order of the Director of the Division of Tuberculosis Control of the Provincial Board of Health, or the Provincial Health Officer.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: None. All contacts shall be X-rayed and, if necessary, further examined. (See general regulations, Part IV., Section 15.)

Quarantine placard: No.

Warning notice: At the discretion of the Medical Health Officer. (See Part IV., Section 9.)

SECTION 13.—TYPHOID FEVER.

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2, followed by Methods 3A and 3B. Isolation shall be in a fly-proof room.

Isolation period: Method 1 or 2 shall be used until the patient is afebrile, then Method 3A until clinical recovery. Method 3B shall then be used until the patient is released under the regulations for typhoid carriers, Part V., Section 14.

Concurrent disinfection: Yes. For approved methods *see* Part VI., Section 1, Subsections (a), (c), and (d).

Terminal disinfection: Yes. For approved methods *see* Part VI., Section 2.

Quarantine: None. However, all intimate household contacts shall be isolated under Method 3B of Part IV., Section 1, until three successive negative cultures of urine and faeces, obtained from each of the contacts five days apart, have been proved negative. Such laboratory specimens from intimate household contacts shall not be required where there is reasonable evidence indicating other sources of the outbreak outside the immediate family.

Quarantine placard: No.

Warning notice: At the discretion of Medical Health Officer. (*See* Part IV., Section 9.)

SECTION 14.—TYPHOID CARRIERS.

These regulations dealing with typhoid carriers affect convalescent typhoid carriers, chronic typhoid carriers, and suspected typhoid carriers.

A convalescent carrier shall mean any person from whom positive cultures have been obtained from specimens of urine and faeces during the twelve-month period immediately following illness from typhoid fever.

A chronic typhoid carrier shall mean any person who continues to excrete typhoid bacilli for longer than one year following illness from typhoid fever infection.

A suspected typhoid carrier—whenever in an epidemiological investigation of a patient suffering from typhoid fever any person is suspected of being the possible source of an outbreak, he shall be considered as a suspected typhoid carrier, and shall be dealt with under these regulations for typhoid carriers, until proved otherwise. Any such person who is proved to be excreting typhoid bacilli shall be considered a chronic typhoid carrier.

Isolation: Yes; as specified in Part IV., Section 1, Method 3B. The special conditions mentioned in Part IV., Section 1, shall be as follows:—

- (1.) No typhoid carrier shall prepare or handle any food or drink except for his own individual consumption or those members of his immediate household who have been immunized against typhoid fever during the past three years.
- (2.) A typhoid carrier shall inform any person now living in his household or who may become a member of his household in the future that he is a typhoid carrier.
- (3.) No typhoid carrier shall prepare or handle in any manner food or drink intended for sale or distribution to the public.
- (4.) Urine and faeces of a typhoid carrier shall be disposed of in such manner as not to endanger any public or private water-supply and shall not be accessible to flies.
- (5.) No typhoid carrier shall conduct or be employed in any hotel, boarding-house, restaurant, or other place where food or drink is consumed or sold.

(6.) No typhoid carrier shall engage in the occupation of nurse, cook, cook's helper, housemaid, waiter, or any occupation involving the handling of food, milk or milk products, or utensils used in the production thereof.

(7.) No typhoid carrier shall reside on any premises from which milk or cream is sold, or shipped for sale, to any dairy, creamery, butter or cheese factory, or milk processing plant unless the Medical Health Officer procures from the carrier a written guarantee, endorsed by the producer or shipper, undertaking not to engage in the care of cattle, the handling of utensils, or any other operation concerned with the production and preparation of milk and milk products.

(8.) No typhoid carrier shall change his place of residence without giving due notice of such proposed change to the Medical Health Officer who shall give notice of such change to, and receive permission from, the Medical Health Officer of the district in which the carrier proposes to reside. Notice of such change shall also be made immediately by the Medical Health Officer to the Provincial Health Officer.

(9.) A typhoid carrier shall wash his hands thoroughly with soap and water after each visit to the toilet.

Isolation period shall be until the Medical Health Officer and the Provincial Health Officer are satisfied that such person is no longer dangerous to the public health.

During the twelve months immediately following the onset of illness from typhoid fever, one specimen of urine and one specimen of faeces from the patient shall be submitted at monthly intervals to the Division of Laboratories of the Provincial Board of Health for examination and report. If at any time during this twelve-month period three consecutive monthly cultures of urine and faeces are found to be negative the patient shall be released and Method 3B terminated.

If, however, during this one-year period the cultures continue positive, then the patient shall be considered to be a chronic carrier, and Method 3B shall be continued until the patient is released from the register of typhoid carriers.

A chronic typhoid carrier can only be removed from the register of typhoid carriers when the Provincial Health Officer has satisfied himself that the gall-bladder has been removed, and, following which, twelve consecutive monthly specimens of stools, followed by one bile specimen, have all been examined by the Division of Laboratories of the Provincial Board of Health and found negative for typhoid bacilli.

For the purpose of termination of a chronic typhoid-carrier state, a recommendation may be made for the removal of the gall-bladder, provided the circumstances are suitable, and the age and operative risks warrant this procedure, and that infection of the gall-bladder has been proven, by examination by the Division of Laboratories of the Provincial Board of Health of bile from the chronic typhoid carrier.

When these conditions for the release of the carrier have been met to the satisfaction of the Provincial Health Officer, he shall, through the Medical Health Officer, inform the carrier concerned of the facts, in writing, that his name has been removed from the register and that he is no longer considered to be a typhoid carrier.

Urinary typhoid carriers shall be required to submit twelve consecutive monthly specimens of urine for examination by the Division of Laboratories of the Provincial Board of Health, and if these are negative the carrier may be released as provided above.

Duties of Medical Health Officer.—Upon receipt of information by the Medical Health Officer of the existence of a typhoid carrier residing in the area under his jurisdiction, he shall immediately take the necessary control measures as required by these regulations, and shall explain personally to the carrier the sections of the regulations which apply, and shall have the carrier sign a statement in duplicate on the form provided by the Provincial Board of Health to the effect that he has read, or understands, the regulations governing his actions as a typhoid carrier. The Medical Health Officer shall retain one signed copy and leave the other copy with the typhoid carrier.

The Medical Health Officer or his authorized representative shall visit each typhoid carrier in the area under his jurisdiction at periodic intervals, not less than six months apart, for the purpose of assuring himself that the carrier is living up to the instructions given him and is disposing of his body wastes in a satisfactory manner. The Medical Health Officer upon determination that a person is a typhoid carrier shall immediately report the fact to the Provincial Health Officer, giving full name, age, sex, occupation, and address of the carrier, together with any other information relative to the possible, or probable, infection of others. The Medical Health Officer shall maintain a list of all known convalescent and chronic typhoid carriers in the area under his jurisdiction on the form provided by the Provincial Board of Health. The Provincial Health Officer shall keep a register of all known convalescent and chronic typhoid carriers in the Province of British Columbia reported to him.

SECTION 15.—WHOOPING-COUGH (Pertussis).

Isolation: Yes; as specified in Part IV., Section 1, Method 1 or 2.

Isolation period shall be until three weeks after onset of typical paroxysms.

Concurrent disinfection: Yes. For approved methods see Part VI., Section 1, Subsections (a) and (b).

Terminal disinfection: Yes. For approved methods see Part VI., Section 2.

Quarantine: Yes.

Quarantine period: Infants, pre-school and school children shall be quarantined for fourteen days after last exposure.

Quarantine placard: No.

Warning notice: At the discretion of the Medical Health Officer. (See Part IV., Section 9.)

PART VI.

CONCURRENT AND TERMINAL DISINFECTION.

SECTION 1.—CONCURRENT DISINFECTION.

A. Miscellaneous.

(i.) *Sputum and Discharges from the Nose and Throat.*—Sputum and discharges from the nose and throat shall be destroyed immediately. If paper handkerchiefs are utilized, they shall be discarded when used into a paper bag or other suitable container and burned. If cloths or linen are used for, or are soiled by, such discharges, they shall be burned, boiled for thirty minutes, or be soaked in a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol for at least half an hour before being washed and used again. (To make a 2½-per-cent. solution of Cresol add one teaspoonful of Cresol to one pint of water.)

(ii.) *Sputum Cup-holders and Receivers for Mouth-washes, Gargles, or Dressings.*—After use, these shall be treated by boiling for at least fifteen minutes, or by immersion in a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol for at least half an hour.

(iii.) *Waste Food from the Sick-room.*—Waste solids or liquid food from the sick-room shall be burned, boiled, or otherwise satisfactorily disposed of immediately and completely.

(iv.) *Dishes.*—Dishes, including glasses, cutlery, and other eating utensils returned from the sick-room shall be immersed in boiling water for at least one minute, and then be washed in soap and water. If the dishes are washed in the sick-room, they shall be retained there and used only by the patient.

(v.) *Dressings.*—After use, dressings shall be burned immediately or shall be soaked for at least half an hour in a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol.

(vi.) *Thermometers, Rectal-tubes, Douche-nozzles, and other Equipment* shall not be removed from the sick-room until the termination of the disease. After use, they shall be washed with a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol, followed by soap and water.

B. *Soiled Bed and Body Linens.*—Soiled linen shall be soaked in soap and water. It shall then be washed as soon as possible, and dried in the open air. Other articles of clothing or bedding that are not usually subjected to laundering shall be aired for twenty-four hours before being cleaned by such other methods as may be required.

C. *Soiled Bed and Body Linens.*—Soiled linen shall be thoroughly soaked for at least half an hour in a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol, then washed and dried in the open air. Other articles of clothing or bedding that are not usually subjected to laundering shall be aired for twenty-four hours before being cleaned by such other methods as may be required.

D. *Fæces and Urine.*—All fæces and urine shall be intimately mixed with a disinfectant solution of, or equivalent to, a 2½-per-cent. solution of Cresol for at least half an hour before disposal. In addition, if disposal is in a privy, these body wastes shall be covered immediately with a layer of ashes or earth. Utensils used for the collection of fæces and urine shall be cleaned with a solution of 2½-per-cent. Cresol and then immersed in a similar solution for at least half an hour, and shall then be washed and dried.

SECTION 2.—TERMINAL DISINFECTION.

All articles used by the patient during isolation shall be properly treated when the patient is released from isolation by a thorough solution of, or equivalent to, a 2½-per-cent. solution of Cresol, or aired according to the type of articles, or as required by the Medical Health Officer.

Sick-room.—Thorough cleaning and airing of the sick-room shall be carried out, using soap and hot water wherever washing is indicated.

Blankets, Mattresses, and Clothing.—Blankets, mattresses, and articles of clothing used by the patient, and not usually laundered, shall be aired outside for at least twenty-four hours and preferably in direct sunlight.

Books.—Books used by the patient shall be opened, stood on end for three days, and kept out of circulation for one week.

Papers and other Articles.—Papers and articles of little value shall be burned.
